MARKO

MARKO became interested in magic at the early age of six. At the age of nine MARKO began performing for family, friends, neighbors and just about anyone who would watch.

MARKO performed magic through high school and college, where he received a B.A. in marketing and speech. He began studying hypnosis in college. One of the highlights of MARKO's career has been the opportunity to study with world-renowned hypnotist Ormond McGill.

MARKO's shows are designed for fun; no one is ever embarrassed or compromised. MARKO believes the participants in his shows are the stars, and he makes them shine.

What makes MARKO's performances so special is his ability to mystify, entertain and make everyone laugh on different levels at the same time. Business cards can be collected after each performance to use for a drawing. These cards are used to follow up prospects.

See: (Stand-up Shows) Page 2.

Stage Show

We were very fortunate in getting Marko The Magician to come to our school for three different sessions to work with our students and teach them some magic tricks. He did a fantastic job teaching the children. It will be one of the most memorable times of their school year. You would find it most beneficial, as he has a great rapport with the children and definitely holds their attention.

Our students are learning disabled and many of them have attention issues. When Marko came to entertain our students during dinner, they were mesmerized. The school community gathered to hear him present on the topic of drugs and alcohol, Marko tied the idea of magic in with the illusions created by substance abuse and, because he already had their attention and interest, they heard an important message in a very creative way.

Marko performed an exciting closing session for our Teen Pregnancy Prevention Conference and managed to hold the attention of over 100 eighth grade students after lunch at the Balsams Grand Resort - no small feat! Along with his fascinating magic acts, he interwove messages to the students about self-esteem, self-respect, and the importance of realizing that the decisions they make today affect the rest of their lives.

I have seen MARKO's magic show several times. He amazes our students with his magic. MARKO is one of the friendliest performers I have ever known. He is very patient and loves to see the kid's jaws drop with his magic. At the end of the show everyone leaves with a huge smile on his or her face. There are no disappointments with MARKO. His magic is incredible!!!

You were terrific! After the show I asked the children what they had learned from you and they told me 6 things that they had learned. I was impressed that they had learned these lessons while being so intrigued with the magic.

All aspects of Marko's performance were appropriate, in good taste, and very entertaining for a wide range of age groups. We were especially pleased that Marko worked some important values, such as safety, into his presentation. The only challenge in working with Marko is planning early enough to be able to fit into his busy schedule.

Thank you for the years of top-quality entertainment. Whether you were 'fooling' adults or children at our Balloon Festival Gathering under 'the big tent' or addressing Systems & Software's national customer base, we have always been extremely pleased. What amazes us, even though we have hired you quite a few times, is that you always have 'new tricks' and the same, pleasant demeanor. You are as 'smooth' a magician as I have ever seen. The other thing we like about your business attitude is that you do what you say you will do when you say you will do it. Never, once, have we been disappointed and you always deliver just a little bit more than you promise. "We highly recommend Marko!"

William H. Willey

Marko's performance made an already popular event, an even more successful and popular one! He has proven himself highly creative and adaptable, time and time again. I commend you on the past season here at the resort. As I have told you in the past the response from our guests during and after your performances has been nothing but positive. Your ability to deal with guests of all social and economic levels as well as your ability to deal with those of all age groups still amazes me. I have seen many styles of entertainment in my career but never have I seen the style of "In Your Face Magic" that is the core of your performances. I am looking forward to another successful season here at the resort with your tableside magic show as well as the "formal" show that you regularly perform.

You are, without a doubt, one of the best, if not the best, magician and hypnotist. Your show here to a combined audience of young people, college students and parents was great, combining magic and hypnotism. You personally are fun and delightful and engaging to your audience and your magic is "in your face." Our students loved your hypnotism performance. It was clean, fun, and no one felt uncomfortable.

Outstanding! That is about all I can say about Marko the Magician. Marko has been doing magic for our kids programs, winter and summer for years now. Marko talks about learning, motivation and discipline and makes his point with his magic. Marko has also used his magic and his hypnotist show to help us train our employees; he ties and weaves his magic around our training themes getting the point across so very well. Marko is very professional in his dealing with us and once we set a schedule he is always here and on time. Marko is great to work with.

As a clinician who also has over 25 years of experience working in the prevention field of substance abuse, I have marveled at the work of MARKO. He matches well with his audiences, presenting a side of quick humor that is infectiously woven through his inspiring performances.

When I hired Marko to do a magic show with my campers and a hypnosis show with my counselors, I had no idea we were in for such an evening of total quality. Marko is a polished professional. The hypnosis show was one of the true highlights of the social program for our staff. Marko works with a large group, and yet each person feels he is talking just to them. Marko went well beyond my expectations. I would trust him to do a spectacular job with any group.

Barnes Boffey, Ed.D

Marko possesses very strong presentation skills, always managing the mood of his audience with great sensitivity. The quality of Marko's presentation is never in question; he is nothing short of superb. I have always been impressed with Marko's dedication and commitment to add new tricks to keep his show fresh and different each season. For many of our guests, they look forward to each returning visit just to see Marko's latest creation.

Perhaps the most attractive of Marko's skills is his ability to tailor a presentation to specific communication goals for an audience. We have engaged his assistance on several occasions to deliver company training programs. He is able to integrate training content from policy issues like drug and alcohol use to safety, from customer service to fiscal responsibility, and many others. We have seen Marko deliver all of these messages with humor and entertainment in a way that leaves the audience wanting more. I would enthusiastically recommend Marko for any presentation, especially when you want to WOW your audience.

Champlain Valley Exposition

Marko has been one of our most popular and enjoyable entertainers in his 10 years of attendance at Smugglers' Notch Resort. He is a master of his craft, which is obvious in his consistent draw of great crowds. He displays true professionalism in his act as well as in his personality. Anyone who is lucky enough to witness one of his performances, myself included, couldn't argue that Marko is nothing shy of amazing. I give my highest recommendation to this enormously talented and all around great person.

*Director of Entertainment
Smugglers' Notch Resort*

Your magic performance at Salem Family Fun Day delighted the children, parents, and grandparents in your audience. After your performance, we booked you for Senior Safe Night. Your performance was probably the easiest event of the evening for our committee to manage. You were flexible. You arrived fully equipped and ready to entertain. Entertain. You did! The students, chaperones, and administrators were amazed at how and what you had your subjects doing. Their laughter could be heard throughout the building. As they were coming out of the auditorium, they were recapping and mimicking everyone's antics. Chaperones were volunteering for next year's Safe Night in hopes that they can catch you again. You didn't stop there. They were dazzled by your magic tricks as you roamed the building entertaining everywhere.
